

FUNKY MONKEY TENTS LOOK BOOK.

WHAT WE DO.

Simply put, we hire tents for events, but we have a whole lot more to offer.

We hire event structures, furniture, lighting and some added extras such as barrels, wooden bars to serve drinks from, garden games and chill-out areas.

We also hire bell tent villages for guest camping accommodation.

We work closely with local venues and can point you in the direction of some stunning locations to tie the knot.

Recently we added mobile bar hire in the form of our stunning horsebox - known as Silvey & Squires.

ABOUT US.

We are a small family run business, headed up by Mark & Hannah. Born out of a passion for the great outdoors and a good old party. We have been hiring a range of unique tents for over 12 years and have built a good reputation within the industry.

Mark (him/he/his)

Practical, problem solver and a thoroughly nice guy. You can always find him at a party by following his laughter.

Hannah (she/her/hers)

Creative, introvert and has a strong attention to detail. Happiest snuggled up at home with the family.

YURTS.

We have different sizes to suit your needs and budget.

Our Pavilion Yurts really stand out from the crowd as their added height gives a wow factor like no other.

40ft Grand Pavilion

Perfect for up to 140 guests but an optimum of 120

34ft Pavilion

Perfect for 80 guests or podded to create a bar and or greeting area.

24ft Yurt

Great podded on to a larger yurt or as a stand alone tent for smaller celebrations.

Alachigh

This is a great variation on the yurt we're all familiar with. Works great as a chill-out space, bar tent or honeymoon suite.

YURT PLANS.

A collection of plans we've put together for you.

As it is hard to imagine a space you haven't stepped into, we have created some popular plans to give you a better idea of how you can use the space available.

We are always happy to create bespoke layouts for you where possible, just ask.

When creating our plans we use our furniture and extras, if you are sourcing things from elsewhere we cannot guarantee the "fit" in our structures. We will do our best to give you an idea if dimensions are supplied by yourselves, but as stated anything we are unfamiliar with is hired at your own risk.

STRETCH TENTS.

A flexible modern space or additional sheltered area.

10x8.5m

A great additional space to larger celebrations or cover for more intimate gatherings.

10x10

Perfect for small celebrations of around 70 guests.

10x20m

A large space capable of accommodating 150+ guests.

Our Stretch tents are really versatile and can be joined together in many configurations to make the perfect space just for you.

They are great on sites where conventional marquees struggle to sit. They do need to be pegged to the ground and attaching to buildings or on hard standing requires physical fixings to be installed, this is not impossible but will need the full endorsement of the site/venue owner and incurs added costs.

BELL TENTS.

A great way to accommodate your guests overnight.

Bell tents are fabulous for so many uses.

Most commonly used to accommodate guests at a wedding so the party can continue late into the night without the need for taxis.

We can also supply a honeymoon tent for the happy couple decked out with beautiful furnishings and props.

We have two ways in which we deal with camping villages and have a dedicated brochure to let you know how it all works, just ask.

Bell tents are also a really useful cost effective space at weddings for children to play and relax. Simply set up with a selection of rugs and cushions and maybe the odd balloon children seem to gravitate to them.
